A self-taught developer specializing in web development using Node.js. With a strong ability to quickly grasp new concepts, I excel at efficiently completing tasks. Currently, seeking an opportunity to apply my skills and join a dynamic organization that values innovation and growth. With my strong technical foundation and passion for web development, I am confident in making a valuable contribution to any team or project.

## TECHNICAL SKILLS

---

**Languages:** JavaScript, CSS, HTML, AJAX

**Backend Technologies:** Node.js, Express.js, socket.IO, Docker

**Databases:** MySQL, MongoDB

**Developer Tools:** Git, Linux, Visual Studio Code, Postman

**Backend Architecture:** RESTful API design

## PROJECTS

---

**Chat-App** | *Node.js, Socket.IO, JavaScript, Bootstrap, CSS, HTML*

[Live Demo](#) | [GitHub](#)

- Developed a real-time chat application using Node.js and Socket.io
- Enable users to connect and interact through the app.
- Facilitate the creation of rooms for users to join and engage with specific room members.
- Enable seamless exchange of messages within the created rooms.
- Provide the functionality to share real-time locations among the room members.

**Task Manager APIs** | *Node.js, Express.js, MongoDB*

[Live Demo](#) | [GitHub](#)

- Created the Task Manager API, showcasing my proficiency in backend web development using Node.js, Express.js, and MongoDB.
- Offering a secure and all-encompassing solution for task management and user profile management.
- Enabling users to authenticate, create, update, and delete tasks through dedicated API endpoints.
- Empowering users to efficiently manage their profile data and profile photos using the API's functionalities.

**Weather** | *Node.js, Express.js, JavaScript, CSS, HTML*

[Live Demo](#) | [GitHub](#)

- Showcased my skills in web development utilizing Node.js and API integration.
- Implemented an app that enables users to effortlessly access real-time weather information for any location worldwide.
- Implemented functionalities to provide users with up-to-date weather data through seamless integration with external APIs.

## CERTIFICATIONS

---

**UDEMY** | **Complete JAVASCRIPT with HTML5,CSS3 from zero to Expert-2022**

[View Certificate](#)

- Credential ID UC-bbac0cf0-ef74-4f00-bf84-b4f53bf04a24
